

ST JAMES'S PALACE

13th July 2011

Dear Mr. McCulloch,

I would like to thank you, and the many wool farmers who contributed, most sincerely for the length of wonderful and fantastic quality cloth that you gave me to celebrate my marriage. It really does have that amazing feel for which Merino wool is so famous.

It was extremely generous of you to think of me in this way and I am incredibly touched that you sent me such a wonderful present.

I was also delighted to learn that the Royal Australian Flying Doctor Services is to benefit so greatly from the proceeds of the sale of the extra cloth woven. I am sure they will be hugely appreciative of your generosity.

Thank you again for your kindness for which I am enormously grateful. This comes with my very best wishes to you and all concerned.

Mr. Stuart McCulloch,
Chief Executive Officer,
Australian Wool Innovation
